#### **BACKGROUND OF THE LITIGATION**

This Class Action arises out of the October 5-7, 2006 fire at EQIS's facility in Apex, North Carolina, and the subsequent evacuation of the area surrounding the fire sometimes herein referred to as the "Incident." As a result of the Incident, emergency response authorities recommended an evacuation from the Recommended Evacuation Zone (described above). In addition, as a result of the Incident, certain residents of the Town of Apex outside the boundaries of the Recommended Evacuation Zone, in an area described as the Secondary Evacuation Zone (described above), chose to evacuate. Finally, a number of Businesses within and geographically contiguous to the Recommended Evacuation Zone are alleged to have suffered economic loss due to the evacuations.

As a result of the Incident, four (4) putative class actions—in which claims were made for the recovery of compensatory and punitive damages as a consequence of the Incident—were initiated against EQIS, Allworth, LLC f/k/a Allworth, Inc. ("Allworth"), and/or ST Mobile Aerospace Engineering, Inc. ("MAE") by the Plaintiffs and others. These cases have been consolidated in the United States District Court for the Eastern District of North Carolina. With leave of Court, Plaintiffs filed a Fourth Supplemental and Amended Master Class Action Complaint relating to all consolidated cases. All consolidated cases are hereby collectively referred to as the "Litigation".

#### **TERMS OF THE SETTLEMENT**

This is a settlement with all Defendants. The essential terms of the settlement proposed by the Parties are set out in this Notice. Note, however, that this Notice is not the Preliminary Settlement Agreement—which sets out the Parties' rights and obligations—but is only a summary of that agreement. Should there be any inconsistency between this Notice and the Parties' Preliminary Settlement Agreement, the Preliminary Settlement Agreement will control and govern. A copy of the Preliminary Settlement Agreement may be obtained by contacting the Settlement Administrator at Litigation Settlement Services, 5868 Westheimer Road, Suite 214, Houston, TX, 77057 or at 1-877-675-6307.

EQIS's Insurer, and the other Defendants, without any admission of liability, will pay a total sum of

\$7,850,000.00 into the Common Settlement Fund, established to pay for Class Member claims and other settlement-related payments as set forth in this Notice. You may participate in the distribution of the Common Settlement Fund if you are a Class Member and you have timely and satisfactorily completed a Proof of Claim Form in accordance with the Preliminary Settlement Agreement. Payments from the Common Settlement Fund to Class Members will be made only upon timely filed sufficient Proof of Claim Forms approved by the Settlement Administrator. Each Household that evacuated and which timely files a compliant Proof of Claim form will be paid approximately Seven Hundred Fifty Dollars (\$750.00) (subtracting any monies previously paid by EQIS or its insurer to the Household for evacuation-related costs) in accordance with the provisions of the Preliminary Settlement Agreement. Each Business which timely files a compliant Proof of Claim Form will be paid up to a maximum of \$2,200 upon satisfactory proof of economic loss related to the Incident (subtracting any monies previously paid by EQIS or its insurer for business-related losses) the specific amount to be determined by the Settlement Administrator in accordance with the provisions of the Preliminary Settlement Agreement.

Class Counsel will apply for: (1) an attorneys' fee of 38% of the Common Settlement Fund; and (2) Litigation Expenses and Settlement Costs up to a maximum of \$425,000.00, all of which will be paid from the Common Settlement Fund along with Approved Claims. Class Counsel have also applied for Class Representative Participation Awards in the total amount of \$100,000.00 for the ten named plaintiffs for their extraordinary participation in the Litigation. One half of any funds remaining in the Common Settlement Fund after payment of Approved Claims, attorneys' fees, Settlement Costs, Litigation Expenses and Class Representative Participation Awards, shall be placed into a Cy Pres fund, which will be dedicated to the public benefit of the citizens of the Town of Apex at the direction of the Court, up to a maximum of \$80,000.00. The balance of any remaining monies in the Common Settlement Fund will revert to EQIS's Insurer and the other Defendants.

If approved by the Court at or after the Final Fairness Hearing, and if the Court's approval becomes final, definitive and non-appealable, the proposed settlement shall discharge the Defendants and any and all of their shareholders, directors, officers, agents, servants, employees, managers, members, representatives, predecessors, successors, assigns, affiliated corporate entities (including parent, subsidiary and sister corporations), attorneys, insurers, reinsurers, and each of their administrators, heirs and assigns, and any other person, firm, corporation or entity not heretofore named as a defendant in this Class Action for whom Defendants may be liable or responsible with respect to the Incident or the subject matter of the Class Action, collectively referred to as "Released Entities," from any further liability to the Class Members for Released Claims arising out of the Incident, including all claims for damages or remedies that may be asserted by guardians, estates or legal representatives, except for personal injury claims as set forth herein.

**The Released Claims will include all claims asserted in the Litigation as well as all other claims (including nuisance, trespass and claims for property damage) arising out of the Incident, except for personal injury claims.**

#### **REASONS FOR THE PROPOSED SETTLEMENT**

Defendants have at all times denied, and continue to deny, all allegations of negligence, wrongdoing or liability of any kind whatsoever on their part, and on the part of those persons and entities for whom they are liable or responsible. Defendants believe they have strong legal and factual defenses to the claims asserted against them in the Litigation and that the members of the Class would be unable to establish any entitlement to compensatory or punitive damages if their claims were litigated to final judgment.

The Class Representatives and Class Counsel are persuaded and believe it is in the best interest of the Class, subject to the Court's approval, to compromise all claims against Defendants in the Class Action for a fair and appropriate sum recognizing: (i) the Class Action involves a myriad of complex and vigorously contested issues of law and fact; (ii) the risks, expense and delay inherent in continued prosecution of the Class Action; (iii) the possibility that future proceedings to quantify each Class Member's compensatory and/or punitive awards, should Defendants' liability to the Class be established, could prove to be unduly protracted and costly; (iv) the magnitude of the benefits to the Class to be derived from the contemplated settlement considering the maximum potential and likely ranges of recovery obtainable through further litigation and the expense thereof, as well as the possibility the Class might make no recovery whatsoever; and (v) the Parties' mutual good faith determination that the settlement is fair, reasonable, adequate and in the best interest of and will substantially benefit the Class Members.

**CLAIMS FOR PERSONAL INJURY DAMAGE FROM THE INCIDENT ARE NOT INCLUDED IN THIS CLASS SETTLEMENT. YOU DO NOT HAVE TO OPT OUT OF THIS SETTLEMENT CLASS IN ORDER TO BRING SUCH CLAIMS, BUT YOU MUST TIMELY FILE YOUR OWN LAWSUIT TO PRESERVE SUCH CLAIMS.**

**THIS NOTICE IS ONLY A SUMMARY OF THE SETTLEMENT**
